

WHO WE ARE:

As an organization our main focus is to help the society to improve their productivity by providing them the essential elements of transportation. In Sri Lanka, we found out that lot of people wasting much more time in the road than working hours. In according to provide a better useful solution, we execute our high-end project which we provide skill full drivers and good vehicles to full fill our customers daily transportation needs.

From the rest of the alternative transport service providers in Sri Lanka, we like to portray our uniqueness by giving them the service according to the customer budget.

Our solution provides skill full drivers and brand-new vehicles to the customers. And our range of vehicle classes totally cover your needs. Light vehicles to heavy vehicles are with us on ready for your command.

With the intention of providing the society a better service we are proud to say that, as a small organization we have created more than 200 job opportunities for the people.

“Driver Hiring System” is the Sri Lankan first 24 hours online functional transport service providing solution.

We are there for any customer at any given time on the day. And we guarantee our customer service centers always there for you when you need it.

As a transport service provider, we are responsible enough to say that through out these years, we don't have any accidents records up to now.

With that credibility we are more than happy to provide our service at any given time.
